

EDUCATIONAL PROGRAM POLICY

Research accentuates that high-quality educational programs significantly influence children's development in all areas. We can provide a supportive learning environment and program, gaining inspiration from the children and families. Thoughtfully planned experiences and environments encourage the children to feel a sense of control over their actions, be curious and investigate, and explore their understanding of themselves, others, and the world around them. The United Nations Convention on the Rights of the Child (the Convention) (United Nations 1989) states *'that all children have the right to an education that lays a foundation for the rest of their lives, maximises their ability, and respects their family, cultural and other identities and languages.'* (EYLF, V2.2, 2022, p.5).

NATIONAL QUALITY STANDARD (NQS)

QUALITY AREA 1: EDUCATIONAL PROGRAM AND PRACTICE		
1.1	Program	The educational program enhances each child's learning and development.
1.1.1	Approved learning framework	Curriculum decision-making contributes to each child's learning and development outcomes in relation to their identity, connection with community, wellbeing, confidence as learners and effectiveness as communicators.
1.1.2	Child-centred	Each child's current knowledge, strengths, ideas, culture, abilities and interests are the foundation of the program.
1.1.3	Program learning opportunities	All aspects of the program, including routines, are organised in ways that maximise opportunities for each child's learning.
1.2	Practice	Educators facilitate and extend each child's learning and development.
1.2.1	Intentional teaching	Educators are deliberate, purposeful, and thoughtful in their decisions and actions.
1.2.2	Responsive teaching and scaffolding	Educators respond to children's ideas and play and extend children's learning through open-ended questions, interactions and feedback.
1.2.3	Child directed learning	Each child's agency is promoted, enabling them to make choices and decisions that influence events and their world.
1.3	Assessment and planning	Educators and coordinators take a planned and reflective approach to implementing the program for each child.
1.3.1	Assessment and planning cycle	Each child's learning and development is assessed or evaluated as part of an ongoing cycle of observation, analysing learning, documentation, planning, implementation and reflection.
1.3.2	Critical reflection	Critical reflection on children's learning and development, both as individuals and in groups, drives program planning and implementation.
1.3.3	Information for families	Families are informed about the program and their child's progress.

QUALITY AREA 7: GOVERNANCE AND LEADERSHIP		
1.1	Program	The educational program enhances each child's learning and development.

EDUCATION AND CARE SERVICES NATIONAL LAW AND NATIONAL REGULATIONS	
S.166A	Offences relating to inappropriate conduct
S.168	Offence relating to required programs
Part 6A	Devices in education and care services
73	Educational programs
74	Documenting of child assessments or evaluations for delivery of educational program
75	Information about educational program to be kept available
76	Information about educational program to be given to parents
118	Educational leader
148	Educational leader
155	Interactions with children
156	Relationships in groups
168	Education and care service must have policies and procedures
170	Policies and procedures are to be followed
254	Declared approved learning frameworks

ADVENTIST IDENTITY EARLY CHILDHOOD STANDARDS		
1.4	Understand how children learn about Jesus, grow in Christian Faith, and be strongly embedded in children's learning and development.	Be deliberate about implementing teaching and learning approaches that support and promote children's relationship with Jesus.
		Utilise the Early Encounters with Jesus Bible Curriculum to maximise children's learning and understanding of Jesus and the Bible, and to draw them into a closer relationship with God.
		Support the development of children's spiritual awareness, faith formation and Biblical knowledge through scaffolding, intentional teaching, co-construction, and sense making.
5.3	Build strong and Trusting relationships with children in a Christlike manner	Recognise and affirm that each child is a unique and valued child of God.
		Support and be inclusive of children with additional developmental needs and disabilities.

PURPOSE

We aim to enhance children's learning and development through the pedagogical practices of educators in a positive learning environment through which the five learning outcomes from the *Early Years Learning Framework (EYLF V2.0)* and five learning and development areas from the *Queensland Kindergarten Learning Guideline (QKLG)* are supported and promoted. Educators will gather and interpret information about children as individuals to inform the environment's preparation, and implement engaging and meaningful experiences, supporting children's holistic development. We support the vision of the EYLF, V2.0 to ensure *'all children experience engaging learning that builds success for life.'*

SCOPE

This policy applies to children, families, staff, educators, management, approved providers, nominated supervisors, students, volunteers, and service visitors.

IMPLEMENTATION

Under the Education and Care Services National Law and National Regulations, approved services are required to base their educational program on an approved learning framework. The program should focus on addressing each child's developmental needs, interests, and previous experiences while considering each child's differences. There are two nationally approved learning frameworks in Australia which outline practices that support and promote children's learning:

- [Belonging, Being and Becoming: The Early Years Learning Framework for Australia. V2.0, 2022](#)
- Queensland Kindergarten Learning Guideline (QKLG)

[Queensland Kindergarten Learning Guideline \(QKLG\) | Queensland Curriculum and Assessment Authority \(qcaa.qld.edu.au\)](#)

Our Service is committed to the Approved Learning Frameworks

The approved learning frameworks include principles, practices, and learning outcomes that guide educational leaders and educators in their curriculum decision-making, and assist them in planning, delivering, and evaluating quality programs in early childhood settings.

In compliance with the Early Years Learning Framework (V2.0), the Queensland Kindergarten Learning Guideline (QKLG), and the Education and Care Services National Regulations, the program will contribute to the following learning outcomes for each child:

EYLF	QKLG
• Children have a strong sense of identity	Identity
• Children are connected with and contribute to their world	Connectedness
• Children have a strong sense of wellbeing	Wellbeing
• Children are confident and involved learners	Active Learning
• Children are effective communicators	Communicating

ADVENTIST IDENTITY

The Adventist Identity Early Childhood Standards provide educators with purposeful direction in nurturing meaningful experiences for the spiritual growth and development of children.

The Adventist Identity Early Childhood Standards are embraced through the following:

Educators will:

- understand how children learn about Jesus, grow in Christian Faith, and be strongly embedded in children's learning and development
- promote and support children to honour Jesus by taking care of their health, safety, and wellbeing
- understand the Biblical account of creation and support children to be stewards of God's gift of nature
- convey Christian character and professionalism to enhance children's learning and development
- build strong and trusting relationships with children in a Christ-like manner
- emulate the mission and ethos of an Adventist Early Learning Service
- develop a Christian virtue of professional excellence.

Early Encounters with Jesus:

Early Encounters with Jesus is a Christ-centred, Bible-based curriculum guide for the early years. The units aim to facilitate authentic spiritual growth and faith development in young children and is a tool for educators, to encourage children along a pathway of faith through daily encounters with Jesus. It is based on the Adventist Early Childhood Education and Care Communities of Faith and Learning and supports four key areas:

- Belonging
- Being
- Believing
- Becoming

The Approved Provider will ensure:

- obligations under the Education and Care Services National Law and National Regulations are met and understood by all staff and educators
- educators, staff, students, visitors and volunteers have knowledge of and adhere to this policy
- the education leader selected is supported to lead the development, implementation and review of the educational program and assessment and planning cycle within the Service

- the educational leader has the skills, knowledge and attributes to mentor and work collaboratively with educators, fostering a shared responsibility and professional accountability of children's learning, development and wellbeing
- the staff record includes the name of the person designated as the educational leader
- the educational leader accepts the position of educational leader in writing
- the educational leader is aware of the regulatory requirements of the role and can explain the obligations associated with the position
- a high-quality educational program based on an approved learning framework is delivered to all children in accordance with the framework (outcomes, practices and principles)
- the educational program is displayed in an accessible place for families and is available upon request
- the program is evidence based, age-appropriate and supports and extends the developmental needs, interests and experiences of each child
- Aboriginal and Torres Strait Islander perspectives are meaningfully embedded within the program and daily practice
- to promote inclusive practices by ensuring reasonable adjustments are made for children with disabilities or additional needs and that appropriate professional referrals are made with family consent
- support is provided to the nominated supervisor and educational leader to embed continuous improvement and uphold quality teaching and learning practices
- all educators are provided with necessary resources, professional learning, and time to implement the program effectively.

The Nominated Supervisor will:

- ensure the program aligns with the approved learning framework and Service philosophy
- ensure the program contributes to the five learning outcomes for each child
- ensure planning for learning is a continuous cycle that involves-observation, planning, implementation, assessment, evaluation and critical reflection
- work in partnership with children and families, communities, teachers in schools and other professionals to inform educational practices that are place-based and relevant to that community (EYLF, V2.0. p. 8)
- gather information from families upon enrolment regarding the child's needs, interest and family backgrounds
- ensure family input and feedback are actively sought, recorded and reflected within the educational program
- ensure all educators work as a team in preparing and/or implementing the curriculum which adheres to the service philosophy
- ensure educators are intentional in all aspects of their professional practice
- promote inclusive education by ensuring equitable access to resources, opportunities and support for all children
- ensure a conscious balance between indoor and outdoor experiences is planned for with large blocks of unstructured time for uninterrupted child-initiated play

- promote children’s physical activity by supporting the development of their gross motor skills and fostering the emergence and refinement of fundamental movement skills through a range of intentionally planned and spontaneous active play learning experiences. (See: *Physical Activity Policy*)
- ensure key physical activity recommendations from Australian Government guidelines- Get up & Grow and/or Munch and Move (NSW), or a similar program are embedded into our curriculum
- support families through positive, respectful and reciprocal relationships through regular communication to support children’s learning and wellbeing
- ensure a copy of the program’s content and operation is available to families and provided upon request
- lead a culture of professional collaboration and continuous improvement through regular meetings, mentoring and feedback
- ensure documentation relating to child assessments or evaluations for delivery of the education program are recorded, including:
 - assessments of the child’s developmental needs, interests, experiences and participation in the education program
 - assessments of the child’s progress against the outcomes of the educational program.

Educators will:

Collaboration and curriculum direction

- collaborate with the educational leader for curriculum direction and guidance
- work collaboratively with children to influence the development of the program in response to their own strengths, ideas, abilities and interests
- engage with families to share information about children’s participation and gather meaningful feedback to inform assessment and planning

Observation and documentation

- use multiple sources of information to gather and document different aspects of children’s learning, development and wellbeing
- plan realistic curriculum goals for children based on observation and assessment of individual needs and interests
- document children’s wellbeing and learning, utilising contemporary theories and research about play, leisure, and learning
- ensure documentation makes children’s learning visible to children, families and educators
- ensure information about the child’s participation in the program is available for families
- utilise families feedback for creating children’s assessment and evaluation creates an authentic and meaningful assessment whilst valuing the children’s role in assessing their learning
- record and document children’s learning on Service-issued devices only, in accordance with the *Safe Use of Digital technologies Policy and Procedures*

Program planning and development

- implement an ongoing cycle of planning, documenting, responding to and supporting children’s learning which underpins the educational program

- plan a contextual program that actively promotes the investigation of ideas, complex concepts and thinking, reasoning and hypothesising to support each child's learning and wellbeing of each child
- use the learning outcomes, practices and principles to guide planning for children's learning and play
- encourage the development of children's self-worth, uniqueness and positive view of themselves helping frame their personal and social identity
- intentionally plan and implement learning experiences using information about a child's interests, curiosities and funds of knowledge
- provide experiences that include both structured and unstructured learning times catering for children's individual needs and interests and, are age appropriate
- plan and implement the intentional teaching of Fundamental Movement Skills (FMS) to support the physical development of children of all ages

Program implementation

- act deliberately, thoughtfully and purposefully to support children's learning through play-based learning
- implement planned and spontaneous experiences using 'teachable moments' to extend children's learning
- encourage children to act intentionally and with agency in play as they make decisions
- allow large blocks of uninterrupted time to allow children to develop their ideas and interests in their learning environments allowing children to explore their physical, social and intellectual elements of their activities
- provide children with ongoing encouragement and positive reinforcement
- seek opportunities within the routine for spontaneous play and experiences

Children's agency and growth mindset

- respect children's agency by involving them in decisions that affect their learning
- provide experiences that support and develop a growth mindset and learning dispositions such as curiosity, cooperation, confidence, creativity, enthusiasm, persistence and imagination
- provide experiences that actively promote and initiate the investigation of ideas, complex concepts and thinking, reasoning and hypothesising
- use the learning outcomes to guide the planning for children and young people's learning
- extend critical thinking skills through provocations and rich inquiry-based experiences
- teach children the importance of taking responsibility towards their own health and safety to ensure their own wellbeing and personal safety

Cultural responsiveness and inclusion

- display cultural responsiveness by learning about multiple perspectives and diversity such as Aboriginal and Torres Strait Islander peoples, ethnic, cultural, linguistic, family and individual's diversity
- take responsibility to be respectful of all backgrounds, beliefs, values, customs, knowledge, lifestyles and social behaviours

- intentionally promote learning about a child's culture, county and community through dance, music, language and dialect, stories, art and craft

Reflection, evaluation and continuous improvement

- ensure critical reflection clearly exams all aspects of events and experiences from different perspectives, identifying children's learning, spontaneous play, teaching strategies, and changes that may be needed in the environment
- use a variety of methods to assist reflection on children's experiences, thinking, and learning
- explore ideas and theories using imagination and creative play, modelling reflective and innovative thinking for children
- engage in ongoing reflection to ensure practices align with the service philosophy, National Quality Framework and approved learning framework (EYLF).

CONTINUOUS IMPROVEMENT/REFLECTION

The *Educational Program Policy* will be evaluated and reviewed on an annual basis or earlier if there are changes to legislation, ACECQA guidance. Feedback will be requested from children, families, staff, educators and management, and notification of any change to policies will be made to families within 14 days
